2014 Judge Ralph Botti

Although 40 years have passed since the day that my dad and I made our first hunting trip, I still remember it as if it were yesterday. Even though we didn't have a hunting dog ourselves, we created many fond memories which I still hold very dear to heart. Through these hunting trips shooting upland birds with my dad, my interest to hunt over a Springer was sparked.

It wasn't until the mid-70s that I was finally given the opportunity to hunt over a Springer. He wasn't very well trained but he sure had a knack for finding birds. It was at this point that I realized that I needed to get a Springer for myself. Shortly after, I purchased my first Springer, Beau, from Mrs. Ruth Greening, owner of Ru-char Kennels. Ruth helped me train Beau along with Gary Wilson. I placed Beau in a few trials before finally realizing he lacked the necessary speed and style of a competitive field trial dog. I purchased my next dog from Gary Wilson (FC/AFC/CFC Ru-Chars Quick Shot). During this time I also had the privilege of running a bunch of Ruthie's dogs, FC/AFC Ru-Chars Roger Jr., FC/AFC/CFC Ru-Chars Rise & Shine & AFC/CFC Ru-Chars Autumn Mist. I will be forever grateful for the help of Ruth Greening for the countless hours that she spent coaching and educating me for years.

My next Springer was purchased from Mike Wallace in 1991, NAFC/FC Salmy's Millie of Ru-Char, winner of the 1994 National Amateur Championship. I retired her in 1995 when I decided to turn pro.

I now reside in Blairstown, NJ and own and operate Triple Ridge Sporting Spaniels along with my wife of 33 years, Sue, son Mark & daughter Meg and a kennel full of Springers, Cockers & Labs.

These dogs have always been a significant part of my life. I am a dedicated Springer lover in every sense imaginable. I have been privileged to have judged two open Nationals and one Amateur National. It is both an honor and a privilege to again have the best seat watching the greatest Springers in the world.

—Ralph Botti

2014 Judge Alice Stewart

Since 1990, I have had the privilege of running many talented animals in Nationals in Canada and the United States. Even after championing many dogs, I still experience that sense of excitement, watching the teamwork between handlers and dogs.

Having judged three nationals and many trials across Canada and United States, I can express with sincerity, judging is a humble experience. I am honored to be given the opportunity.

I understand competition and realize the effort and luck which is required to complete five series. I wish all competitors great birds and excellent opportunities.

Many thanks to the Springer Spaniel family who made this 'National' possible.

—Alice Stewart

STANDARD PROCEDURE FOR SPANIEL FIELD TRIALS

1. The purpose of a Spaniel Field Trial is to demonstrate the performance of a perfectly trained Spaniel in the field. The performance of a Spaniel in Field Trials should not differ from that in any ordinary day's shooting, except that in the trials a dog should do his work in a more nearly perfect way.
2. The function of a hunting Spaniel is to walk at heel (or on a leash) until bidden to seek game. When so ordered, he should seek game in a brisk, quiet manner thoroughly quartering the designated cover, within gunshot, in the line of quest without unnecessarily covering the ground twice. When game is flushed, dogs should drop or "hup" to flush or command and, if game is shot, should retrieve at command only, but not until the Judge has instructed the handler. Dogs should retrieve quickly and briskly when ordered to do so and deliver tenderly to hand. They should then drop or "hup" until given further orders. Spaniels which bark and give tongue while questing are objectionable and should be severely penalized.
3. If a dog, following the line of a bird, is getting too far out he should be called off the line and later he should again be cast back on it. A dog which causes his handler and gun to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice, or whistle, but only in the quiet manner that would be used in the field. Any loud shouting or whistling is evidence that the dog is hard to handle, and, in addition, is disturbing to the game.
4. A dog should work to his handler and gun at all times. A dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take direction from his handler, is of great value.
5. When the Judge gives a line to a handler and a dog to follow, this must be followed and the dog not allowed to interfere with the other contestants running parallel to him.
6. The Judges must judge their dogs for game-finding ability, steadiness, and retrieving. In game finding the dog should cover all his ground on the beat, leaving no game in his territory and showing courage in facing cover. Dogs must drop to wing and shot and obey all commands. When ordered to retrieve they should do this tenderly and with speed. No trials for Spaniels can possibly be run without retrieving as that is one of the main purposes for which a Spaniel is used.
7. In judging a Spaniel's work Judges should give attention to the following points, taking

them as a whole throughout the entire performance, rather than giving too much credit to a flashy bit of work.

Control at all times, and under all conditions.

Scenting ability and use of wind.

Manner of covering ground and briskness of questing.

Perseverance and courage in facing cover.

Steadiness to flush, shot and command.

Aptitude in marking fall of game, and ability to find it.

Ability and willingness to take hand signal.

Promptness and style of retrieve and delivery.

Proof of tender mouth.

Where facilities exist and Water Tests are held in connection with a stake, the manner and quality of the performance therein should be given consideration by the Judges in making their awards. Such tests should not exceed in their requirements the conditions met in an ordinary day's rough shoot adjoining water.

Land work is a primary function of a Spaniel, but where a Water Test is given, any dog that does not complete the Water Test shall not be entitled to any award.

8. The guns should shoot their game in a sportsmanlike manner, as they would in a day's shoot. The proper functioning of the Official Guns is of the utmost importance. The Guns are supposed to represent the handler up to the time the game is shot, although not interfering in any manner with his work or that of the down brace. They are supposed, if possible, unless otherwise directed to kill cleanly and consistently, the game flushed by the Spaniels at a point most advantageous to a fair trial of their ability, with due regard to the dogs, handlers, Judges, gallery and other contingencies.

9. Care should be taken not to shoot so that the game falls too close to the dog. If this is done it does not afford a chance for the dog to show any good retrieving ability and often results in a bird being destroyed. The Guns should stand perfectly quiet after the shot, for otherwise they may interfere with the dog and handler. When a dog makes a retrieve no other birds or game should be shot unless ordered by the Judge for special reasons. The Gun must also keep himself in the correct position to the handler and others.

10. It has been repeatedly proven that the most efficient gun and load for this work, in all fairness to the dogs, handlers and those responsible for the trial, is a well-choaked twelve gauge double gun, and a load of not less than three drams of smokeless powder, and one and one-eighth ounces of No.5, No.6, No.7 or No.7-112 shot.

11. Wearing an article of blaze orange clothing is required in the field.

WHEN NUTRITION COUNTS

The birds are scarce, but he continues his search, working the ditches and fence rows quartering through the field. Then the find and the flush and you say to yourself, "This is what it's all about".

His breeding, your training/conditioning combined with high-quality nutrition have made this possible.

Give him the high-quality nutrition that helps keep him in the field when other dogs are heading for the truck. Feed what many top field trialers feed — Purina® Pro Plan®
brand DOG FOOD

Real chicken is the #1 ingredient, for a high-quality protein source to help support muscle mass for strength and provide energy

VO2 max optimizes oxygen metabolism so dogs burn fat more efficiently

Natural sources of glucosamine for joint health and mobility

High levels of antioxidants to help support a healthy immune system

Rich in omega-3 fatty acids, including EPA and DHA

Highly palatable
