## *"A Champion By Design —Not By Chance."*

### *Eukanuba Can Make The Difference.*

Raising a truly great champion or superior hunter is the result of conscious effort, time and money invested by many people. Pride and satisfaction are their rewards.

Successful owners, breeders, trainers and handlers all share their knowledge, experience and the commitment. Working together they assure a dog has every advantage to achieve its full genetic potential. Always striving to obtain results superior to those achieved before. To do this, each of these experts realizes that careful planning, hard work, and superior nutrition are also essential elements required as part of their plan.

That is why, when selecting a food to provide proper nutrition, these experts agree, you can feed Eukanuba<sup>®</sup> with confidence. The Iams Company has over 40 years of experience preparing nutritionally complete and balanced

foods to satisfy a dogs special requirements. High-quality meat protein for body development, quality fat to fuel the athletic body, carefully prepared carbohydrates for quick energy and a balance of vitamins and minerals to assure you that Eukanuba provides all the nutrition a champion will need. 100% satisfaction guaranteed. Eukanuba — nutrition that can make the difference in your dog.

## **Standard Procedure for Spaniel Field Trials**

1. The purpose of a Spaniel Field Trial is to demonstrate the performance of a perfectly trained Spaniel in the field. The performance of a Spaniel in Field Trials should not differ from that in any ordinary day's shooting, except that in the trials a dog should do his work in a more nearly perfect way.
2. The function of a hunting Spaniel is to walk at heel (or on a leash) until bidden to seek game. When so ordered, he should seek game in a brisk, quiet manner thoroughly quartering the designated cover, within gunshot, in the line of quest without unnecessarily covering the ground twice. When game is flushed, dogs should drop or "hup" to flush or command and, if game is shot, should retrieve at command only, but not until the Judge has instructed the handler. Dogs should retrieve quickly and briskly when ordered to do so and deliver tenderly to hand. They should then drop or "hup" until given further orders. Spaniels which bark and give tongue while questing are objectionable and should be severely penalized.
3. If a dog, following the line of a bird, is getting too far out he should be called off the line and later he should again be cast back on it. A dog which causes his handler and gun to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice, or whistle, but only in the quiet manner that would be used in the field. Any loud shouting or whistling is evidence that the dog is hard to handle, and, in addition, is disturbing to the game.
4. A dog should work to his handler and gun at all times. A dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take direction from his handler, is of great value.
5. When the Judge gives a line to a handler and a dog to follow, this must be followed and the dog not allowed to interfere with the other contestants running parallel to him.
6. The Judges must judge their dogs for game-finding ability, steadiness, and retrieving. In game finding the dog should cover all his ground on the beat, leaving no game in his territory and showing courage in facing cover. Dogs must drop to wing and shot and obey all commands. When ordered to retrieve they should do this tenderly and with speed. No trials for Spaniels can possibly be run without retrieving as that is one of the main purposes for which a Spaniel is used.
7. In judging a Spaniel's work Judges should give attention to the following points, taking them as a whole throughout the entire performance, rather than giving too much credit to a flashy bit of work.
  - Control at all times, and under all conditions.
  - Scenting ability and use of wind.

Manner of covering ground and briskness of questing.  
Perseverance and courage in facing cover.  
Steadiness to flush, shot and command.  
Aptitude in marking fall of game, and ability to find it.  
Ability and willingness to take hand signal.  
Promptness and style of retrieve and delivery.  
Proof of tender mouth.

Where facilities exist and Water Tests are held in connection with a stake, the manner and quality of the performance therein should be given consideration by the Judges in making their awards. Such tests should not exceed in their requirements the conditions met in an ordinary day's rough shoot adjoining water.

Land work is a primary function of a Spaniel, but where a Water Test is given, any dog that does not complete the Water Test shall not be entitled to any award.

8. The guns should shoot their game in a sportsmanlike manner, as they would in a day's shoot. The proper functioning of the Official Guns is of the utmost importance. The Guns are supposed to represent the handler up to the time the game is shot, although not interfering in any manner with his work or that of the down brace. They are supposed, if possible, unless otherwise directed to kill cleanly and consistently, the game flushed by the Spaniels at a point most advantageous to a fair trial of their ability, with due regard to the dogs, handlers, Judges, gallery and other contingencies.

9. Care should be taken not to shoot so that the game falls too close to the dog. If this is done it does not afford a chance for the dog to show any good retrieving ability and often results in a bird being destroyed. The Guns should stand perfectly quiet after the shot, for otherwise they may interfere with the dog and handler. When a dog makes a retrieve no other birds or game should be shot unless ordered by the Judge for special reasons. The Gun must also keep himself in the correct position to the handler and others.

10. It has been repeatedly proven that the most efficient gun and load for this work, in all fairness to the dogs, handlers and those responsible for the trial, is a well-choaked twelve gauge double gun, and a load of not less than three drams of smokeless powder, and one and one-eighth ounces of No. 5, No. 6, No. 7 or No. 7-1/2 shot.

## **A Short History of this Trial**

By C. S. Goodall

The first National Field Trial for English Springer Spaniels was held in mid-December 1947 and was the direct result of several years of concentrated effort by a small group of sportsmen imbued with a desire to further the interest of the breed. Much correspondence now molding in dusty file cabinets provided a factual and, in part, amusing chronology of events leading up to the acceptance of the idea to establish an annual National field trial, for the breed. Many of the objections and dire predictions forecast by those in opposition to the idea seem pointless now when viewed in retrospect. As a means to an end and as an end in itself the National trial has proven to be an overwhelming success and has become a permanent fixture on the agenda of those who follow and love fine sport.

The first National Trial was conducted by a field trial committee acting under authority delegated to the English Springer Spaniel Field Trial Association by The American Kennel Club. The basic procedures were established after long and careful study by a committee consisting of Henry L. Ferguson, Robert C. Bishop, Harry L. Caesar, Charles S. Goodall, Claude Jasper, William R. Kirkland, and the late Dr. Charles G. Sabin. This committee appointed William R. Kirkland and the late Leonard Leader as judges and Charles S. Goodall as Field Trial Chairman. The soundness of the procedures and regulations adopted by the careful action of the National Committee for the conduct of the first trial are attested to by the fact that they remain virtually intact since their adoption in 1947.

The basic and primary function of the National Field Trial is to select a National Champion English Springer Spaniel. The many great Springers that have attained to the title in the past provide overwhelming evidence that this objective has been accomplished. One, however, should not lose sight of the importance of several by-products of the event and their wholesome influence on the breed and sport. The interchange of ideas on all subjects pertaining to fine sporting dogs has enhanced the knowledge of all so engaged, and has contributed to the development of a warm feeling of mutual admiration and respect among sportsmen from all sections of the country.

The rare opportunity for observing the inspired handling of superbly trained spaniels with 500 years of hunting heritage behind them has been invaluable to trainers and breeders interested in improving and perfecting training techniques and in producing better Springers. Likewise, the experience of observing the fine sportsmanship exhibited by most owners and contestants in victory and defeat has created a feeling of admiration that has resulted in the growth of the highest sporting standards by the overwhelming majority of those in attendance.

It can be said without fear of contradiction that the benefits accruing to the sport have been manifold and that the National serves as an appropriate and grand climax to the autumn field trial and shooting season for all real sportsmen.

As a tribute and mark of distinction to those fine gun dogs which have won or placed in past trials, to their handlers and owners, and to those serious sportsmen who have willingly accepted the responsibility of performing the many thankless tasks so necessary to the success of any organization, the officers and field trial committee are pleased to imprint their names on the following pages.

We are now in our 16th year offering to the public a full time training program for developing field trial and gun dogs. Our capabilities in partnership with our excellent training grounds are designed to produce the maximum efficiency in training your dog. We invite you to look at all of our facilities and discuss our programs with us.

We are proud of the standards we have set over the years that have resulted in the training and handling of ten English Springer Spaniels to field trial champion titles. Our record as a breeder of Springers that have been handled by others to field champion titles, is very impressive.

For training services or the purchase of a Springer call or write:

## In Memory Of FC/AFC BJ's Vivacious Penny

Born: July 8, 1970

Died: May 9, 1986

What can you say about a dog that was everything you ever wanted. From the beginning she was a bundle of energy that was willing to please, learn, hunt, able to cope with the kids, and then the grandchildren and sometimes a puppy. She was above all else a FRIEND. I had a lot of fun and did some winning and placing with her and was even kidded about not training her until Thursday or Friday before a trial and then she would place, but I enjoyed it. Our family will miss her greatly but her memory will linger with us forever.

## — The Performance Art Series —

### ABOUT THE SERIES

Hill's Pet Products, Inc. is proud to introduce the second drawing in the Performance Art Series. Ms. Pamela Powers was specially commissioned to do this handsome work. The art piece is offered in limited edition and will truly become a collector's item in years to come.

### ARTIST BIOGRAPHY

Pamela Wynne Powers was awarded a Merit Scholarship by the School of Fine Arts, Washington University in St. Louis, where she graduated with a Bachelor of Fine Arts degree.

Her published works include a promotional booklet for the St. Louis Zoological Park, calendar pages for the Hammermill Paper Company and a promotional brochure for the St. Louis Wolf Sanctuary (Marlin Perkins, Director).

In addition, Ms. Powers has done various free lance assignments, including Graphic Illustrator at the American Kennel Club.

### HOW TO ORDER

Prints of the "SPORTING DOGS" Performance Art Series II are available in a limited edition of 750. Each print is numbered and signed by the artist, and is available unframed for \$40.00. These beautiful prints are 18"x24", printed on fine premium No. 1 stock, and are without advertising or copy.

A portion of the proceeds from the sale of these prints will be donated to The Dog Museum of America—The American Kennel Club Foundation.

Order your print from Hill's Pet Products, Inc., Art Department, P.O. Box 148, Topeka, Kansas 66601.
