To qualify the amateur handler must place first, second, third, fourth or be awarded a certificate of merit. This is to be a perpetual trophy with no permanent possession. Each year the name of the winning handler and date awarded is to be engraved on the reverse side of the trophy, is to remain in his or her custody for one year, to then be returned for presentation the following year at the National Championship.

5. GUNNER'S TROPHY FOR THE DOG, IN THE JUDGEMENT OF THE GUNNER'S "They would most like to hunt over." DONATED BY SPANIELS IN THE FIELD.

DANNY HALE

My introduction to the Spaniel world was in 1975. Dick "The Amazen" Vermazen had newly arrived in the neighborhood and soon invited me to go training with him. I was hooked. He has since become my closest friend and mentor. I couldn't have asked for better schooling. After a training session I'd sit for hours at the local restaurant and listen to Dick, Wayne Kilpatrick, Jeff Miller, Marcel Brochier, Archie Whiting, Lon Ferrell, Doc Conklin and others discussing training methods and the merits of certain blood lines. These discussions have never become boring to me. Somehow through luck and perseverance I seem to have collected a small share of ribbons along the way.

At the National level I am probably best known as a gunner. I have had the honor and privilege to have gunned in 13 U.S. Nationals and 1 Canadian National Championship. Few will ever understand the excitement I get while shooting over the "Best of the Best" in our sport. Thank you for this outstanding privilege.

It is my belief that to be asked to be a National Open Judge is the highest honor one can attain in our sport. The statement of confidence from one's peers that it bestows upon the individual is awesome. My pledge to you is to do the very best I can to uphold the integrity of this position. I am also very honored to be judging with Mike Wallace. He has in all ways proven himself qualified for this task. A more

fierce competitor I have seldom met.

May your dogs flush boldly, your birds fly high, your guns shoot straight and your retrieves be spot on! GOOD LUCK!

Danny Hale

MIKE WALLACE

My father brought home our first field bred Springer when I was 8 years old. That was thirty years ago and I've had one around ever since.

There is, in my opinion, not another sporting breed of dog that compares. My passion for the breed is defined by my hard work and successes in competing, as well as breeding and promoting, the Springer Spaniel.

Of course, my claim to fame is a dog called "Zorro" and he, like so many Springers bestowed his greatness on me, and I am grateful for that.

I'm honoured beyond words for this opportunity along with my Co-Judge to select the 1996 National Champion. Thank you and good luck to each and every one of you

Mike Wallace

Standard Procedure for Spaniel Field Trials

1. The purpose of a Spaniel Field Trial is to demonstrate the performance of a perfectly trained Spaniel in the field. The performance of a Spaniel in Field Trials should not differ from that in any ordinary day's shooting, except that in the trials a dog should do his work in a more nearly perfect way.
2. The function of a hunting Spaniel is to walk at heel (or on a leash) until bidden to seek game. When so ordered, he should seek game in a brisk, quiet manner thoroughly quartering the designated cover, within gunshot, in the line of quest without unnecessarily covering the ground twice. When game is flushed, dogs should drop or "hup" to flush or command and, if game is shot, should retrieve at command only, but not until the Judge has instructed the handler. Dogs should retrieve quickly and briskly when ordered to do so and deliver tenderly to hand. They should then drop or "hup" until given further orders. Spaniels which bark and give tongue while questing are objectionable and should be severely penalized.
3. If a dog, following the line of a bird, is getting too far out he should be called off the line and later he should again be cast back on it. A dog which causes his handler and gun to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice, or whistle, but only in the quiet manner that would be used in the field. Any loud shouting or whistling is evidence that the dog is hard to handle, and, in addition, is disturbing to the game.
4. A dog should work to his handler and gun at all times. A dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take direction from his handler, is of great value.
5. When the Judge gives a line to a handler and a dog to follow, this must be followed and the dog not allowed to interfere with the other contestants running parallel to him.
6. The Judges must judge their dogs for game-finding ability, steadiness, and retrieving. In game finding the dog should cover all his ground on the beat, leaving no game in his territory and showing courage in facing cover. Dogs must drop to wing and shot and obey all commands. When ordered to retrieve they should do this tenderly and with speed. No trials for Spaniels can possibly be run without retrieving as that is one of the main purposes for which a Spaniel is used.
7. In judging a Spaniel's work Judges should give attention to the following points, taking them as a whole throughout the entire performance, rather than giving too much credit to a flashy bit of work.
 - Control at all times, and under all conditions.
 - Scenting ability and use of wind.

Manner of covering ground and briskness of questing.
Perseverance and courage in facing cover.
Steadiness to flush, shot and command.
Aptitude in marking fall of game, and ability to find it.
Ability and willingness to take hand signal.
Promptness and style of retrieve and delivery.
Proof of tender mouth.

Where facilities exist and Water Tests are held in connection with a stake, the manner and quality of the performance therein should be given consideration by the Judges in making their awards. Such tests should not exceed in their requirements the conditions met in an ordinary day's rough shoot adjoining water.

Land work is a primary function of a Spaniel, but where a Water Test is given, any dog that does not complete the Water Test shall not be entitled to any award.

8. The guns should shoot their game in a sportsmanlike manner, as they would in a day's shoot. The proper functioning of the Official Guns is of the utmost importance. The Guns are supposed to represent the handler up to the time the game is shot, although not interfering in any manner with his work or that of the down brace. They are supposed, if possible, unless otherwise directed to kill cleanly and consistently, the game flushed by the Spaniels at a point most advantageous to a fair trial of their ability, with due regard to the dogs, handlers, Judges, gallery and other contingencies.

9. Care should be taken not to shoot so that the game falls too close to the dog. If this is done it does not afford a chance for the dog to show any good retrieving ability and often results in a bird being destroyed. The Guns should stand perfectly quiet after the shot, for otherwise they may interfere with the dog and handler. When a dog makes a retrieve no other birds or game should be shot unless ordered by the Judge for special reasons. The Gun must also keep himself in the correct position to the handler and others.

10. It has been repeatedly proven that the most efficient gun and load for this work, in all fairness to the dogs, handlers and those responsible for the trial, is a well-choaked twelve gauge double gun, and a load of not less than three drams of smokeless powder, and one and one-eighth ounces of No. 5, No. 6, No. 7 or No. 7-1/2 shot.

BLAZE ORANGE IS REQUIRED IN THE FIELD.

A Short History of this Trial

By C. S. Goodall

The first National Field Trial for English Springer Spaniels was held in mid-December 1947 and was the direct result of several years of concentrated effort by a small group of sportsmen imbued with a desire to further the interest of the breed. Much correspondence now molding in dusty file cabinets provided a factual and, in part, amusing chronology of events leading up to the acceptance of the idea to establish an annual National field trial, for the breed. Many of the objections and dire predictions forecast by those in opposition to the idea seem pointless now when viewed in retrospect. As a means to an end and as an end in itself the National trial has proven to be an overwhelming success and has become a permanent fixture on the agenda of those who follow and love fine sport.

The first National Trial was conducted by a field trial committee acting under authority delegated to the English Springer Spaniel Field Trial Association by The American Kennel Club. The basic procedures were established after long and careful study by a committee consisting of Henry L. Ferguson, Robert C. Bishop, Harry L. Caesar, Charles S. Goodall, Claude Jasper, William R. Kirkland, and the late Dr. Charles G. Sabin. This committee appointed William R. Kirkland and the late Leonard Leader as judges and Charles S. Goodall as Field Trial Chairman. The soundness of the procedures and regulations adopted by the careful action of the National Committee for the conduct of the first trial are attested to by the fact that they remain virtually intact since their adoption in 1947.

The basic and primary function of the National Field Trial is to select a National Champion English Springer Spaniel. The many great Springers that have attained to the title in the past provide overwhelming evidence that this objective has been accomplished. One, however, should not lose sight of the importance of several by-products of the event and their wholesome influence on the breed and the sport. The interchange of ideas on all subjects pertaining to fine sporting dogs has enhanced the knowledge of all so engaged, and has contributed to the development of a warm feeling of mutual admiration and respect among sportsmen from all sections of the country.

The rare opportunity for observing the inspired handling of superbly trained spaniels with 500 years of hunting heritage behind them has been invaluable to trainers and breeders interested in improving and perfecting training techniques and in producing better Springers. Likewise, the experience of observing the fine sportsmanship exhibited by most owners and contestants in victory and defeat has created a feeling of admiration that has resulted in the growth of the highest sporting standards by the overwhelming majority of those in attendance. It can be said without fear of contradiction that the benefits accruing to the sport have been manifold and that the National serves as an appropriate and grand climax to the autumn field trial and shooting season for all real sportsmen.

As a tribute and mark of distinction to those fine gun dogs which have won or placed in past trials, to their handlers and owners, and to those serious sportsmen who have willingly accepted the responsibility of performing the many thankless tasks so necessary to the success of any organization, the officers and field trial committee are pleased to imprint their names on the following pages.

1991 National Amateur
Field Champion
Jake's Son Of A Gun Runner

1992 Top Shooting Dog
Champion *Fair Play*

1991 High Point Derby Dog
Vinwoods Takes A Lickin'
"Timex"

From left to right:
Jake Schroder, Harold Ray,
Sherry Ray, Danny Farmer,
Rex Ferrier, Dean Reinke, Jr.

IF YOU'RE GOING TO HUNT WITH THIS

The first time you see Ferrier's Troublemaker heading hard and fast to the front to pin a bird straight down a 50-foot levy, you know Rex had a plan.

The moment you learn Fair Play won the Top Shooting Dog Award in just half a season, against competition that would make some people give up before they ever started, you know Harold and Sherry had a plan.

And when you hear the likes of perennial champion handler Danny Farmer wistfully declare that there'll never be another dog like Timex, you know he had a plan. A plan that paid off in ways even he had never imagined.

One look at the dogs and titles of all these hunters and you know they all had a plan. One that included years of breeding. Training, lots of it. Patience. Luck.

BUNCH, YOU BETTER HAVE A PLAN.

And the unsurpassed nutrition of ProPlan brand dog food. Just look at a bag of ProPlan® Performance Formula on your next trip to the feed store. You'll see chicken, right there at the top of the ingredients list. Real chicken.

It's the chicken and the corn and the brewers rice and everything else that help give ProPlan its important fats, proteins, carbohydrates, vitamins, and minerals.

Everything that research, and common sense, tells us a hard-working field dog needs. It just goes to show you that to gain the lofty status of these hunters and their dogs, their plans didn't have to include any unusual decisions.

Just all the right ones.

PERFORMANCE. IT'S ALL PART OF THE PLAN.
