Each year the name of the winning handler and date awarded is to be engraved on the reverse side of the trophy, is to remain in his or her custody for one year, to then be returned for presentation the following year at the National Championship.

5. GUNNER'S TROPHY FOR THE DOG, IN THE JUDGEMENT OF THE GUNNER'S "They would most like to hunt over." DONATED BY SPANIELS IN THE FIELD.

TOM MENZEL

I have many outdoor interests. Bow hunting for elk and long distance hiking rank right up there; and strange as it may seem, sitting in a little dark shack on a frozen lake in pursuit of the elusive sturgeon isn't far behind. However, the time spent with my dogs, whether it be training, trialing, or hunting, holds the top spot and far outdistances whatever is in second place.

All my life I envisioned of one day working with dogs. As it goes, it just took me forty years to get started.

Many times I think back and reflect about this sport; the satisfaction one gets seeing young dogs develop, the opportunities it presents, the numerous friendships over the years: few things compare. But, best of all, I find myself laughing a lot, and that's a good thing. To steal a quote, "I love this game."

I am deeply honored to have the opportunity along with my Co-Judge, to select the 1998 National Open Champion. Thank you for your confidence, and the best of luck to each and everyone of you. God Bless.

Tom Menzel

MARTY KNIBBS

I started training dogs twenty-three years ago, working for American Pointing dog trainers, which moved to Canada for the summer months. One fall day some twenty years ago I went hunting with a friend of mine who had a Springer Spaniel. I immediately took hold of the unmeasurable hunting talent that the Spaniel possessed plus a great talent for being your best buddy when not hunting. Shortly after this hunt, I purchased my first of many Springers. With the help of a very patient Dan MacIntosh of Winnipeg, I learned to train Springers and progressed to professionally training about thirteen years ago.

Many good dogs passed through my hands over the years. The highlight of my career was winning the Canadian National in 1993; also winning High Point Canadian Dog in 1996 with a dog which was bred and trained at Expressway.

At present my wife Shelley and eleven-year-old son Cody and myself are operating a boarding kennel in Regina, Saskatchewan. I also work full time in the oilfield and train a few dogs for myself and friends.

I am honored to be chosen to judge the 1998 Open National and look forward to seeing the cream of the crop compete for the title of National Open Champion. I wish all the competitors the best of luck.

Marty Knibbs

A Short History of this Trial

By C. S. Goodall

The first National Field Trial for English Springer Spaniels was held in mid-December 1947 and was the direct result of several years of concentrated effort by a small group of sportsmen imbued with a desire to further the interest of the breed. Much correspondence now molding in dusty file cabinets provided a factual and, in part, amusing chronology of events leading up to the acceptance of the idea to establish an annual National field trial, for the breed. Many of the objections and dire predictions forecast by those in opposition to the idea seem pointless now when viewed in retrospect. As a means to an end and as an end in itself the National trial has proven to be an overwhelming success and has become a permanent fixture on the agenda of those who follow and love fine sport.

The first National Trial was conducted by a field trial committee acting under authority delegated to the English Springer Spaniel Field Trial Association by The American Kennel Club. The basic procedures were established after long and careful study by a committee consisting of Henry L. Ferguson, Robert C. Bishop, Harry L. Caesar, Charles S. Goodall, Claude Jasper, William R. Kirkland, and the late Dr. Charles G. Sabin. This committee appointed William R. Kirkland and the late Leonard Leader as judges and Charles S. Goodall as Field Trial Chairman. The soundness of the procedures and regulations adopted by the careful action of the National Committee for the conduct of the first trial are attested to by the fact that they remain virtually intact since their adoption in 1947.

The basic and primary function of the National Field Trial is to select a National Champion English Springer Spaniel. The many great Springers that have attained to the title in the past provide overwhelming evidence that this objective has been accomplished. One, however, should not lose sight of the importance of several by-products of the event and their wholesome influence on the breed and the sport. The interchange of ideas on all subjects pertaining to fine sporting dogs has enhanced the knowledge of all so engaged, and has contributed to the development of a warm feeling of mutual admiration and respect among sportsmen from all sections of the country.

The rare opportunity for observing the inspired handling of superbly trained spaniels with 500 years of hunting heritage behind them has been invaluable to trainers and breeders interested in improving and perfecting training techniques and in producing better Springers. Likewise, the experience of observing the fine sportsmanship exhibited by most owners and contestants in victory and defeat has created a feeling of admiration that has resulted in the growth of the highest sporting standards by the overwhelming majority of those in attendance. It can be said without fear of contradiction that the benefits accruing to the sport have been manifold and that the National serves as an appropriate and grand climax to the autumn field trial and shooting season for all real sportsmen.

As a tribute and mark of distinction to those fine gun dogs which have won or placed in past trials, to their handlers and owners, and to those serious sportsmen who have willingly accepted the responsibility of performing the many thankless tasks so necessary to the success of any organization, the officers and field trial committee are pleased to imprint their names on the following pages.

SPECIAL RECOGNITION

On behalf of the National Championship Committee, we would like to express our gratitude to those individuals that have given extra time and effort to ensure the success of the 1998 National Open Championship.

First the most difficult ingredient is the grounds we need and to this extent we would like to give our sincere thanks to LaGrange County Soil and Water Conservation District. These folks spent endless hours driving us around the county and introducing us to landowners that have made this National Championship possible.

Special thanks to the following people:

Dona Hunter - Soil and Water conservation

Jim Fessell - Soil and Water conservation

Mehlon Dunkle - Soil and Water conservation

Robert DiGirolamo - Landowner

Harry Koester - Landowner

Dr. Louis Taglia - Landowner

Norman Johnson - Landowner

Purina Pro-Plan for their continued support for the
National Open Championship
and the breed in general.

To Nancy Standish and the Great Lakes ESSFTC for the behind
the scenes work before and during the National.

Sincerely,

Mark Brookshire,
President

Barney Zeigler,
Field Trial Chairman

Standard Procedure for Spaniel Field Trials

1. The purpose of a Spaniel Field Trial is to demonstrate the performance of a perfectly trained Spaniel in the field. The performance of a Spaniel in Field Trials should not differ from that in any ordinary day's shooting, except that in the trials a dog should do his work in a more nearly perfect way.
2. The function of a hunting Spaniel is to walk at heel (or on a leash) until bidden to seek game. When so ordered, he should seek game in a brisk, quiet manner thoroughly quartering the designated cover, within gunshot, in the line of quest without unnecessarily covering the ground twice. When game is flushed, dogs should drop or "hup" to flush or command and, if game is shot, should retrieve at command only, but not until the Judge has instructed the handler. Dogs should retrieve quickly and briskly when ordered to do so and deliver tenderly to hand. They should then drop or "hup" until given further orders. Spaniels which bark and give tongue while questing are objectionable and should be severely penalized.
3. If a dog, following the line of a bird, is getting too far out he should be called off the line and later he should again be cast back on it. A dog which causes his handler and gun to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice, or whistle, but only in the quiet manner that would be used in the field. Any loud shouting or whistling is evidence that the dog is hard to handle, and, in addition, is disturbing to the game.
4. A dog should work to his handler and gun at all times. A dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take direction from his handler, is of great value.
5. When the Judge gives a line to a handler and a dog to follow, this must be followed and the dog not allowed to interfere with the other contestants running parallel to him.
6. The Judges must judge their dogs for game-finding ability, steadiness, and retrieving. In game finding the dog should cover all his ground on the beat, leaving no game in his territory and showing courage in facing cover. Dogs must drop to wing and shot and obey all commands. When ordered to retrieve they should do this tenderly and with speed. No trials for Spaniels can possibly be run without retrieving as that is one of the main purposes for which a Spaniel is used.
7. In judging a Spaniel's work Judges should give attention to the following points, taking them as a whole throughout the entire performance, rather than giving too much credit to a flashy bit of work.
 - Control at all times, and under all conditions.
 - Scenting ability and use of wind.

Manner of covering ground and briskness of questing.
Perseverance and courage in facing cover.
Steadiness to flush, shot and command.
Aptitude in marking fall of game, and ability to find it.
Ability and willingness to take hand signal.
Promptness and style of retrieve and delivery.
Proof of tender mouth.

Where facilities exist and Water Tests are held in connection with a stake, the manner and quality of the performance therein should be given consideration by the Judges in making their awards. Such tests should not exceed in their requirements the conditions met in an ordinary day's rough shoot adjoining water.

Land work is a primary function of a Spaniel, but where a Water Test is given, any dog that does not complete the Water Test shall not be entitled to any award.

8. The guns should shoot their game in a sportsmanlike manner, as they would in a day's shoot. The proper functioning of the Official Guns is of the utmost importance. The Guns are supposed to represent the handler up to the time the game is shot, although not interfering in any manner with his work or that of the down brace. They are supposed, if possible, unless otherwise directed to kill cleanly and consistently, the game flushed by the Spaniels at a point most advantageous to a fair trial of their ability, with due regard to the dogs, handlers, Judges, gallery and other contingencies.

9. Care should be taken not to shoot so that the game falls too close to the dog. If this is done it does not afford a chance for the dog to show any good retrieving ability and often results in a bird being destroyed. The Guns should stand perfectly quiet after the shot, for otherwise they may interfere with the dog and handler. When a dog makes a retrieve no other birds or game should be shot unless ordered by the Judge for special reasons. The Gun must also keep himself in the correct position to the handler and others.

10. It has been repeatedly proven that the most efficient gun and load for this work, in all fairness to the dogs, handlers and those responsible for the trial, is a well-choaked twelve gauge double gun, and a load of not less than three drams of smokeless powder, and one and one-eighth ounces of No. 5, No. 6, No. 7 or No. 7-1/2 shot.

BLAZE ORANGE IS REQUIRED IN THE FIELD.

Photographs

Thursday, November 19

Monty Glick, professional photographer, will be taking two photos of each handler and dog before they go to the line, throughout the first series, only. An appropriate site will be designated for these photos. You will be provided with two 4 x 6 photos, free of charge, once developed and put into a tag board.

Friday, November 20

8:00 A.M. - 10:00 A.M. Continue with photos of first series dogs

10:00 A.M. - 5:00 P.M. Monty will be available for individual portrait photos at a \$5.00 sitting charge. Other fees for the finished portrait photos will be on an individual order basis.

This Trial is held under the rules of the American Kennel Club.

1991 National Amateur
Field Champion
Jake's Son Of A Gun Runner

1992 Top Shooting Dog:
Champion Fair Play

1991 High Point Derby Dog
Vinwoods Takes A Lickin'
"Timex"

From left to right:
*Jake Schroder, Harold Ray,
Sherry Ray, Danny Farmer,
Rex Ferrier, Dean Reinke, Jr.*

IF YOU'RE GOING TO HUNT WITH THIS

The first time you see Ferrier's Troublemaker heading hard and fast to the front to pin a bird straight down a 50-foot levy, you know Rex had a plan.

The moment you learn Fair Play won the Top Shooting Dog Award in just half a season, against competition that would make some people give up before they ever started, you know Harold and Sherry had a plan.

And when you hear the likes of perennial champion handler Danny Farmer wistfully declare that there'll never be another dog like Timex, you know he had a plan. A plan that paid off in ways even he had never imagined.

One look at the dogs and titles of all these hunters and you know they all had a plan. One that included years of breeding, training, lots of it. Patience. Luck.

BUNCH, YOU BETTER HAVE A PLAN.

And the unsurpassed nutrition of ProPlan brand dog food. Just look at a bag of ProPlan® Performance Formula on your next trip to the feed store. You'll see chicken, right there at the top of the ingredients list. Real chicken.

It's the chicken and the corn and the brewers rice and everything else that help give ProPlan its important fats, proteins, carbohydrates, vitamins, and minerals.

Everything that research, and common sense, tells us a hard-working field dog needs. It just goes to show you that to gain the lofty status of these hunters and their dogs, their plans didn't have to include any unusual decisions.

Just all the right ones.

PERFORMANCE. IT'S ALL PART OF THE PLAN.

" . . . If you have a spaniel of exceptional natural ability, and have perfected him in his work in field; if also you have succeeded in attaining such perfection without in any way impairing his keenness, dash, and pace - having laid to heart and applied the principles and methods of breaking herein advocated, you have, I warrant, so attained it - your dog is a certain Field Trial winner, and I hope that you will give him the chance of proving himself such . . .
